## PROJECTS

### Shopnest

ShopNest is an e-commerce full stack web application. The admin user can add new products where as the customer can explore products, add them to the cart as well as check out. The users need to register and login

to access functionalities.

## **LearnSphere**

2023 - 2024

LearnSphere is a comprehensive online learning platform designed to facilitate knowledge acquisition and skill development. The project leverages Java for its robust backend functionality, ensuring seamless data handling and server-side operations. The frontend, on the other hand, utilizes a combination of HTML, CSS, and the Thymeleaf template provided by Spring Boot, resulting in an engaging and user-friendly interface.
